### **RIN 1625-AA00**

Safety Zones; Coast Guard Sector Ohio Valley Annual and Recurring Safety Zones  
Update

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of proposed rulemaking.

---

**SUMMARY:** The Coast Guard proposes to amend and update its list of recurring safety zone regulations that take place in the Coast Guard Sector Ohio Valley area of responsibility (AOR). This proposed action is necessary to update the current list of recurring safety zones with revisions, additional events and removal of events that no longer take place. This regulation would restrict vessel traffic from the safety zones during the events unless authorized by the Captain of the Port Sector Ohio Valley or a designated representative. We invite your comments on this proposed rulemaking.

**DATES:** Comments and related material must be received by the Coast Guard on or before [INSERT DATE 15 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**ADDRESSES:** You may submit comments identified by docket number USCG-2019-0013 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the

“Public Participation and Request for Comments” portion of the SUPPLEMENTARY INFORMATION section for further instructions on submitting comments.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this proposed rule, call or e-mail Petty Officer Riley Jackson, Sector Ohio Valley, U.S. Coast Guard; telephone (502) 779-5347, e-mail SECOHV-WWM@uscg.mil.

**II. Background, Purpose, and Legal Basis**

The Captain of the Port Sector Ohio Valley (COTP) proposes to amend 33 CFR 165.801, Table 1 titled “Sector Ohio Valley Annual and Recurring Safety Zones”, to update our regulations for annual fireworks displays and other recurring events in the Eighth Coast Guard District.

The Table contains a list of annual and recurring safety zones in the Sector Ohio Valley as of May 11, 2018.

These events include air shows, fireworks displays, and other marine related events requiring a limited access area restricting vessel traffic for safety purposes. The current list in 33 CFR 165.801, Table 1, requires amendment to provide new information on existing safety zones, to include new safety zones expected to recur annually or biannually, and to remove safety zones that are no longer needed. Issuing individual

regulations for each new safety zone, amendment, or removal of an existing safety zone creates unnecessary administrative costs and burdens. This single proposed rulemaking will considerably reduce administrative overhead and provide the public with notice through publication in the *Federal Register* of the upcoming recurring safety zone regulations. Event sponsors desiring to hold an event not listed in the table for the Sector Ohio Valley area of responsibility may seek permission for a regulated area for their event through a request to the phone number or email listed in the above **FOR FURTHER INFORMATION CONTACT** section.

The Coast Guard encourages the public to participate in this proposed rulemaking through the comment process so that any necessary changes can be identified and implemented in a timely and efficient manner. The Coast Guard will address all public comments accordingly, whether through response, additional revision to the regulation, or otherwise.

The Coast Guard is issuing this notice of proposed rulemaking (NPRM) with a 15-day prior notice and opportunity to comment pursuant to section (b)(3) of the Administrative Procedure Act (APA) (5 U.S.C. 553). This provision authorizes an agency to publish a rule in less than 30 days before its effective date for “good cause found and published with the rule.” Under 5 U.S.C. 553(b)(3)(B), the Coast Guard finds that good cause exists for publishing this NPRM with a 15-day comment period because it is impractical to provide a 30-day comment period. These proposed regulated areas are necessary to ensure the safety of vessels and persons during the marine events. It is impracticable to publish an NPRM with a 30-day comment period because some of these updates must be established as early as the end of April 2019. A 15-day comment period

would allow the Coast Guard to provide for public notice and comment, but also update the regulated areas soon enough that the length of the notice and comment period does not compromise public safety.

### **III. Discussion of the Proposed Rule**

Part 165 of 33 CFR contains regulations establishing regulated navigation areas and limited access areas to restrict vessel traffic for the safety of persons and property. Section 165.801, Table 1, establishes recurring safety zones to restrict vessel transit into and through specified areas to protect spectators, mariners, and other persons and property from potential hazards presented during certain events taking place in Sector Ohio Valley's AOR. From time to time, this section requires amendment to properly reflect the recurring safety zones in the AOR. This proposed rule amends and updates § 165.801, Table 1 as described below.

This proposed rule adds 8 new recurring safety zones, removes 6 recurring events, and amends the dates and regulated areas for 9 recurring safety zones already listed in Section 165.801, Table 1, as follows:

This proposed rule would add the following 8 safety zones to Table 1 of Part 165.801:

<b>Date</b>	<b>Sponsor/name</b>	<b>Sector Ohio Valley location</b>	<b>Safety zone</b>
Weekend before the 4 <sup>th</sup> of July	Kentucky Dam Marina / Kentucky Dam Marina Fireworks	Gilbertsville, KY	350 foot radius, from the fireworks launch site, on the entrance jetties at Kentucky Dam Marina, on the Tennessee River at Mile Marker (MM) 23 (Kentucky)

1 Day – One weekend in July	Three Rivers Regatta	Knoxville, TN	Tennessee River, Miles 642 – 653 (Tennessee).

This proposed rule would remove the following 6 safety zones from Table 1 of Part 165.801:

The Coast Guard also proposes to revise regulations in 33 CFR 165.801, Table 1, by amending 9 currently-listed safety zones. The amendments would involve changes to marine event dates and/or regulated areas, with reference by line number to the current table. The 9 safety zones being amended are listed below:

Line	Date	Sponsor/name	Sector Ohio Valley Location	Safety zone	Revision (date/area)

The effect of this proposed rule would be to restrict general navigation in the safety zones during these events. Vessels intending to transit the designated waterway through the safety zones will only be allowed to transit the area when COTP, or a designated representative, has deemed it safe to do so or at the completion of the events. The proposed annually recurring safety zones are necessary to provide for the safety of life on navigable waters during the events.

#### **IV. Regulatory Analyses**

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

##### **A. Regulatory Planning and Review**

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the size, location, and duration of

the safety zones. These safety zones are limited in size and duration, and are usually positioned away from high vessel traffic areas. Moreover, the Coast Guard would issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the zones, and the rule would allow vessels to seek permission to enter the zones. Vessel traffic would also be able to request permission from the COTP or a designated representative to enter the restricted area.

#### *B. Impact on Small Entities*

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit these safety zones may be small entities, for the reasons stated in section IV.A above this proposed rule would not have a significant economic impact on any vessel owner or operator. Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this proposed rule. If the proposed rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or

complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520.).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under E.O. 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in E.O. 13132.

Also, this rule does not have tribal implications under E.O. 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted

for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

#### F. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. Normally such actions are categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 01 as it involves the revision of the table that informs the public of safety zones occurring in the Sector Ohio Valley AOR. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

#### G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

### **V. Public Participation and Request for Comments**
